ABOUT

MISSION

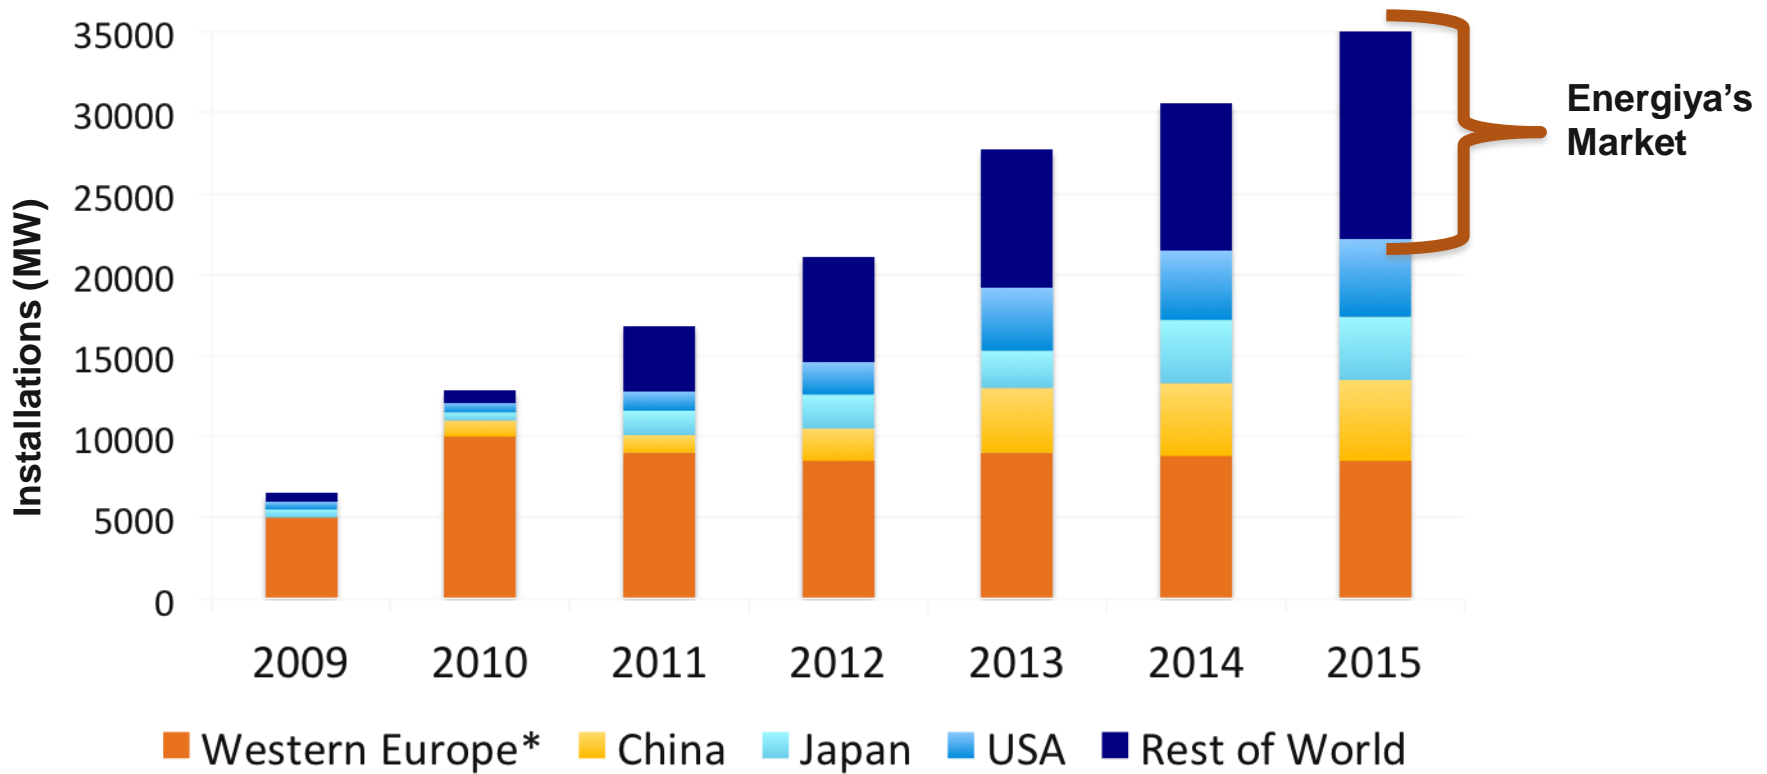

Energiya Global develops affordable solar projects worldwide, with the goal of providing clean electricity for 50 million people by 2020.

VISION

Our vision is for a world in which the developing nations will be powered predominantly by clean, safe, affordable, renewable energy. Clean energy will not be a luxury that only wealthy nations can afford, but will be the energy of choice for lifting people in developing countries out of poverty. Energiya Global mobilizes the ingenuity and the values of Israel and the Jewish People to reduce the world's dependence on fossil fuels and empower people globally.

GLOBAL OPPORTUNITY

* France, Germany, Italy and Spain

RWANDA

Renewable Solar Photovoltaic (PV)

Strategic Fit

- Stated commitment from the national government to meet growing demand for electricity with renewable sources
- Government interested in bringing new capacity online quickly (<9 months)
- High potential for GWG to expand first project after proving capabilities; both on- and off-grid
- Rwanda has a strong and stable business operating environment
- High solar insolation

Another great year...

This past year has been an extraordinary one of infrastructural, organizational, and programmatic growth for Agahozo-Shalom.

We're so proud of what we have accomplished thanks to the generosity of our donors, the deep commitment of our staff and volunteers, and the leadership of our Board of Directors. Thanks to our collective efforts and dedication, our kids are thriving.
